

## Berry Group OÜ FOOD SAFETY POLICY

Berry Group OÜ is a company engaged in buying, processing and selling berries, with primary markets in Europe, Asia and North America. Our work is in accordance with legal and administrative provisions as well as with mutual food safety requirements agreed upon with consumers. The key of our success is a customer-friendly attitude and a selection of reliable partners. The company's goal is to increase the sales volume of organic products.

The organization's food safety policy's main priorities are:

1. Customer-friendly attitude
2. Ensuring the organization's
3. food safety level Increasing employee professionalism

To fulfill the abovementioned main priorities, the organization's food safety management system manual's annex no. 2 includes measurable food safety system goals that support these priorities.

Policy and goals are being continuously followed by the management and if needed, corrected/changed.

This food safety policy and the ensuing goals have been introduced in all levels of the organization.

Eno Piil  
Berry Group OÜ Executive Director
